Frequently Asked Questions

1. Do I have to sign up if I fill this out? No. There will be a formal sign up process later. This survey is to find out where to route the pipe and how big to build the pipeline.
2. What If I don't fill this out but still want water? For the most accurate plans we need to know who wants rural water. If you don't tell us the pipeline may not service your area.
3. Am I guaranteed to get water? No. The responses will allow us to build a plan for where to provide service. We have a goal of servicing everyone who wants water but that may not be possible. If you want water, fill this out even if you don't think it will be able to get to you.
4. I think this is a bad idea / a good idea / or I just have things to tell you. Great! Write your comments below so we can consider them as we make plans for the rural water pipeline.

Remember to return your survey by April 19, 2024.
